[Curriculum Vitae]

[Personal Information]

Bernd Resch

Lebzelterweg 5
5580 Tamsweg
Austria

Date of Birth: March 27, 1981
Nationality: Austrian

[Education]

Since February 2005

PhD in Natural Sciences

GIS lectures and projects (technological fundamentals, application development for GIS, geographic databases, sensor webs, location-based services)
University of Salzburg, Austria and Massachusetts Institute of Technology, US

September 2003 –
January 2005

Master of Science in Computer Systems Engineering

Master's Program for Computer Systems Engineering: wireless communication technologies, signal analysis, discrete mathematics, optical physics
Halmstad University, Sweden
Degree with honours

October 2000 – March
2005

Diplomingenieur (FH) [internationally comparable to a Master of Science]

Program „Information technology and systems management“: network technologies, mobile and radio data communication, transfer mode systems, technical mathematics, informatics, signal analysis, technical physics, project management, corporate management, business economics
Salzburg University of Applied Sciences, Austria
Degree with honours

[Work experience]

Since May 2007

Research Affiliate

**Project development and implementation
Conceptual system architecture design, web application engineering, sensor web projects, presentations**

Massachusetts Institute of Technology, SENSEable City Lab
77 Massachusetts Avenue, Cambridge, MA 02139 USA
Research on urban dynamics coupled with social IT applications

Since February 2005

Research Scientist, PhD Student

**Project conception, management and implementation
Web application engineering, sensor web projects, presentations, fund raising**

Austrian Research Centers GmbH, Research Studios Austria - iSPACE,
Leopoldskronstrasse 30, 5020 Salzburg
Applied research on geo-referenced media and technologies

May 2004 - August 2004	<p>Internship</p> <p>Web application development, address standardisation: web-service with XML over HTTP and dynamic database connection</p> <p>Austrian Research Centers GmbH, Research Studios Austria - iSPACE, Leopoldskronstrasse 30, 5020 Salzburg</p> <p>Applied research on geo-referenced media and technologies</p>
August 2002 - September 2002	<p>Internship</p> <p>Quality of Service in IP networks</p> <p>Salzburg Research Forschungs GmbH, Jakob Haringer Straße 5/III, A-5020 Salzburg</p> <p>R&D in ICT applied in digital media, eCulture, eTourism and EduMedia</p>
July 2002 - August 2002	<p>Internship</p> <p>Reliability assessment of a laser-based data transmission system (155MBit/s)</p> <p>Deutsche Telekom AG, T-Systems Enterprise Services GmbH, Dingolfinger Str. 1-11, 81673 München</p> <p>Information and communication technologies</p>

[Grants]

April 2007 – present **International Communication Grants**
Institution: Austrian Research Association

January 2005 – April 2007 **PhD Grant (ARC All-round Excellence as part of the Brainpower Initiative)**
Institution: Austrian Research Centers - ARC

August 2003 –
January 2005

Erasmus Mobility Grant

Institution: European Commission

[Invited Talks]

- June 2008 **Sensors, RFID and GIS: Technology – Applications – Society**
Location-based Services Summer School, University of Salzburg, Austria
- July 2007 **New Hypes: Map Web 2.0, Mashups, Location-based Services - A Look Behind the Scenes**
Location-based Services Summer School, University of Salzburg, Austria
- October 2006 **Collaborative Web Mapping - An Introduction**
Human Security: People-Homes-Infrastructure Summer School, University of Salzburg, Austria
- January 2003 **Laser-based Data Transmission – An Empirical Assessment**
ICT Forum, University of Applied Sciences, Salzburg, Austria

[Other Skills, Competences and Functions]

- to present **Member of the Scientific Committee of the Free and Open Source Software for Geospatial (FOSS4G) Conference**
<http://www.foss4g.org>
- to present **Member of the Scientific Committee of the IEEE-IARIA International Conference on Advanced Geographic Information Systems, Applications, and Services**
<http://www.iaria.org/conferences2010/GEOProcessing10.html>
- July 2006 – October 2007 **Member of the Development Team of the Bachelor/Master Programme of the Salzburg University of Applied Sciences**
Elaboration of a degree course scheme, responsible for the specialisations of Media Informatics and Signal Processing
